- To complete the Soul Merkabah, thereby allowing travel along the spiral within the first 3 Worlds;
- To experience soul connections with others as possible reflections of your inner divine masculine or feminine;
- To complete the Spiritual Merkabah, thereby allowing travel along the spiral within the 4 Worlds;
- To create the foundation of your personal blueprint for traveling within the 4 Worlds following the Path to Divine Union.

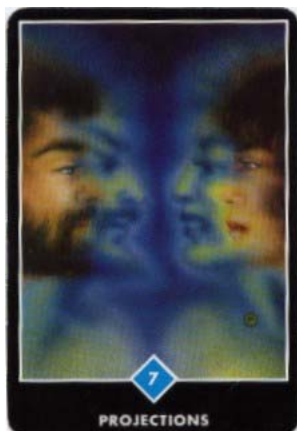

This certificate program involves Kabbalah 1—6 courses, as follows:

In Kabbalah 1, we traverse the lower, Physical World of Earthly Assiah, learning the Principles of Kabbalah that we use on this journey. We use the art of Patience to create the framework, practices, and language we use to allow our inner teachers to communicate with us and for us to mark our progress.

In Kabbalah 2, we enter our first overleaving world, the upper portion of the Physical World of Assiah, which overleaves the lower Mental/Emotional, Airy World of Yetzirah. We face our shadow and allow the personal unconscious to be exposed to the Light. We introduce the study of Agni Yoga to add force to our journey and complete a ceremony to release what no longer serves us, preparing the way for new possibilities.

In Kabbalah 3, we enter the School of the Soul, overleaving through the veil of Parakesh, into the lower Soulful, Intuitive, Watery World of Briah. This is where all mankind can now enter, allowing the divine in each of us to behold the Divine. To assist in the work of unification, we take a journey into the Sephiroth, the Divine aspects of our Creator, and use the framework we integrated in Kabbalah 1 and the clarity and openness achieved in Kabbalah 2.

In Kabbalah 4 and 5, we take a mystical journey touching into the Fiery Spiritual World of Atziluth. Through the mystical journey into the 22 Pathways, we create the bridge between how we perceive our world to be and how adjustments can be consciously made when we travel into the realm of Light and experience that Light in the World of Manifestation.

In Kabbalah 6, we complete our vows and the ceremony of our Sacred Marriage/Mystical Union, laying the ground work for attracting our Twin Soul and creating our Spiritual Merkabah, the Vehicle for our soul journey into the Divine Matrix of Humankind, and the Evolution back to the Godhead.
